

## ACTIVITY REPORT 2025

- In the calendar year 2025, the foundation was officially named “Present Truth Presentations.” This year also saw the launch of the new website, YouTube channel and logo of the same name. In connection with the name change, a new objective was also formulated;
- Also in this calendar year, the new treasurer officially became a board member. She had already been acting in this position for some time;
- This year, the financial policy was changed. Based on new insights and texts from the Spirit of Prophecy, the tithes were mainly spent on expenses and travel allowances for evangelists. In addition, a tenth of the tithes was again transferred to the warehouse in America. The rest of the tithes were spent on costs necessary for evangelism and the work of the evangelists. All other matters, such as accommodation for the celebration of the holy Feasts and office supplies, have been paid for from offerings since this new insight was gained. The largest expense in 2025 was the donation for the missionary work abroad. In addition to paying for accommodations, a number of office and church supplies were also purchased from the offerings;
- In 2025, a total of four studies were uploaded to the YouTube channel on—in brief—the Advent movement, the 1888 message, Ezekiel 9, the holy Feasts and the wrath of the nations. Several PDF studies were also uploaded to the website;
- In 2025, a missionary trip lasting approximately 5.5 months took place in Northern Europe. Two members of the foundation made this trip. A total of 19 church visits were made to 8 SDA churches. Several sermons and Bible studies were given and literature was provided;

- This year, both collectively and individually, a lot of of study has been done. This includes the Waggoner and Jones Marathon and the DSSS on the origin of the third division. The studies have yielded many new insights, but also changed insights, like for example the calendar for the holy Feasts, the public and private placing of sins on the scapegoat, the observance of Holy Communion, the person of the Holy Spirit, the pre-Pentecostal day, and the work of reconciliation on earth;
- Once again, the holy Feasts were celebrated this year. Special moments included the lessons in the 10-day preparation for Pentecost, the first celebration of Pre-Pentecost, and the worship service during the Feast of Tabernacles. In July, a group activity took place with members. This will become an annual activity;
- The first formal members' meeting also took place this calendar year. During this meeting, the plans for the first half of 2026 were shared, members were able to provide input and they indicated what they want to contribute to the foundation this year. This will also become an annual activity;
- Finally, two members introduced the online Sabbath opening and Sabbath school lesson discussion on Friday evening.
